PROFILE

Aspiring **Front-End** Developer with a foundation in HTML, CSS, and JavaScript. Built mini projects including **Weather App**, **Recipe App**, **E-commerce** mini app, and **To-Do List**. Currently learning **React** to create enhanced **Front-End** applications.

WORK EXPERIENCE

Self-Learning & Project Development   Jan 2025 – July 2025

- Built multiple small-scale web applications using **HTML, CSS, and JavaScript** including:
  - **Weather App** – Fetches real-time weather data using a **public API** and displays it in a **responsive UI**.
  - **Recipe App** – Integrated **third-party API** to display recipes with search functionality.
  - **E-commerce App (Mini Version)** – Created a basic product listing and cart functionality using **DOM manipulation**.
  - **To-Do List App** – Implemented **add**, **edit**, and **delete** task features.
- Practicing front-end development while learning **React.**
- Gained hands-on experience with **responsive design**, **DOM manipulation**, and **API integration**.

SKILLS

- **Languages & API :** HTML, CSS, JavaScript, RESTful APIs.
- **Tools:** VS Code, Git/GitHub, Postman.

PROJECTS

Portfolio Web - [GitHub]

- Designed and developed a **responsive** personal portfolio to showcase **skills**, **projects**, and **contact** information.
- Implemented **smooth scrolling** and interactive **animations** for an engaging user experience.
- Optimized layout for **mobile**, **tablet**, and **desktop** devices using **responsive** design techniques.
- Showcases projects like **Weather App**, **Recipe App**, **E-commerce Mini App**, and **To-Do List**.

Recipe App - [GitHub]

- Developed Built a functional Recipe App project using core web technologies to dynamically display details, ingredients, and instructions.
- Tools Used: **HTML**, **CSS**, **JavaScript**, **VS Code**, **Postman**.

E-Commerce App - [GitHub]

- Developed an e-commerce webapp with **HTML**, **CSS** and **JavaScript** featuring product listing, shopping cart.
- Integrated a **RESTful API** to fetch products dynamically.
- Implemented **Fully Responsive** and a user-friendly UI.

EDUCATION

BNN College, University of Mumbai | Bhiwandi, Maharashtra   2022 - 2025

B.Sc. in Information Technology | CGPA: 8.05 / 10
